

February 1<sup>st</sup>, 2023

Greetings Brethren,

The 2023 Masonic Youth Leadership Camp is scheduled for the week of July 30th to August 4th. The MYLC committee will begin to hold our 2023 camp planning meetings soon. We are hoping to have 40 campers again this year and want to thank each lodge for their continued support.

I cannot stress enough how profound of an impact this camp has on the lives of everyone involved. This is truly a wonderful event that can only be accomplished with your help. If you think you maybe able to help out in any way, during or leading up to the 30th of July to Aug 4th, 2023, we would be grateful for your assistance.

If you are interested in helping, we are in need of Presenters, Overnight Supervisors and we are always looking for potential camp counselors. As a Presenter, you or someone you know would be responsible to provide an estimated 45 minutes of education on a topic which relates to Leadership or life skills. We try to have an estimated 15 presenters each year. Previous presentations have included financial well being, project management, life skills in the restaurant industry, public speaking skills, the list is extensive.

If you are a night owl and would like to help out, we also are in need of 2 Night Supervisors for each night of the week that the camp is in operation. And we are always looking for potential camp counselors.

If you are interested in helping out with the camp this year, please contact the Grand Junior Warden or Grand Senior Warden as they are Co-Chairing this year. Or you can contact Lori at the Grand Lodge Office and leave your contact information for the Co-Chairs to reach out to you.

Sincerely,

Troy/ Patrick

Co-chairs for 2023
